Our Commitment

I am committed to ensuring digital accessibility for everyone visiting my portfolio. I continuously strive to improve the user experience for all individuals, applying the relevant accessibility standards to make my work as inclusive as possible.

Conformance Status

To ensure the website is easy to use, I aim to align this site with the **Web Content Accessibility Guidelines (WCAG) 2.1 Level AA** standards.

Accessibility Features on This Site

This portfolio is built using the Wix platform, which incorporates several built-in accessibility features. These include:

- Full keyboard navigation capabilities.
- Clear visual focus indicators for users navigating without a mouse.
- Structural HTML markup optimized for modern screen readers.

Continuous Improvement

While I aim for complete accessibility, some components or older portfolio files may still have limitations. I am actively reviewing my content to add descriptive alt text to all imagery and ensure high color contrast.

Feedback & Contact

If you experience any difficulty accessing any content on this website, or if you need assistance, please reach out. I will gladly work with you to provide the information you need in an alternative format.
